Our Energy Management Policy

Energy Management Policy

Purpose

We strive to use energy in the most efficient and environmentally responsible manner possible. The purpose of this policy is to optimise energy usage. We aim to ;

- improve cost-effectiveness
- enhance working conditions
- reduce greenhouse gas emissions
- contribute to sustainability and
- reduce waste associated with energy usage

Responsibility

We all have a role to play in conserving energy and are responsible for efficiently using energy which is under our direct control.

Policy

We are committed to responsible energy usage and we will practice energy efficiency in all operations and processes. To implement this policy, we will ;

- Achieve and maintain compliance with applicable legal and other requirements
- Continuously improve energy efficiency by establishing and implementing strategic energy management practices which support our operation while providing a safe and comfortable work environment
- Consider energy efficiency as a factor in our operations and design and in the procurement of goods and services
- Secure adequate and dependable energy supplies from suitable sustainable sources and implement appropriate risk contingency plans to protect operating interruptions
- Encourage continuous improvement in energy conservation by our stakeholders, suppliers, contractors and occupiers
- Use energy consumption data to establish Key Performance Indicators (KPIs) to drive performance improvements. We will measure, review and communicate our progress on a regular basis to ensure availability of information to our stakeholders
- Ensure adequate resources are available to work towards achieving our KPI goals

Our Energy Management Policy is a living document that will be reviewed periodically to ensure its effectiveness and alignment with best practices and regulatory requirements.

We are committed to always improving and understanding the environmental impact of our activities and how we can reduce or eliminate these. We will continue to monitor and report on our performance and develop action plans to ensure we continue to meet our commitments.
